MACHINED PRECISION PARTS

Machined precision parts specifications	
type of metal cutting	turning - milling - grinding - drilling
diameter of parts (mm)	0.5 - 42
diameter of parts (in)	0.02 - 1.6
length of parts (mm)	0.3 - 90
length of parts (in)	0.01 - 3.5
means of production	55 automatic parting off lathes milling centers 6 axis surface grinders – centerless grinders multi spindle drilling machines
